Product(s): Architectural Z Shadow Bead

Description: Trim-Tex Architectural Z Shadow Beads are used to create a reveal effect when butting up to door jambs, base trim, ceilings, and light boxes. Available in multiple widths. Architectural Z Shadow Beads are great for adding aesthetic details around architectural components..

Advantages: Qualifies for LEED® points. Can be flexed to conform to curved walls and soffits. Made from rust proof, dent resistant PVC to reduce job site and handling damage. Safer than sharp square metal corners. UV stabilized for use in interior or exterior applications. Built in expansion virtually eliminates edge cracking.

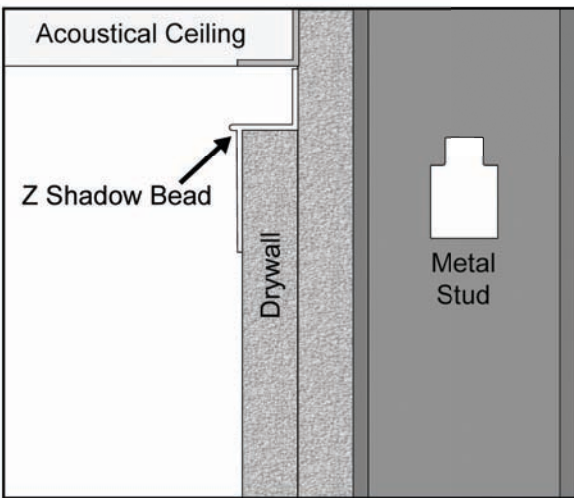

Applicable Standards: Rigid PVC products made by Trim-Tex meet ASTM specifications D3678-97, D1784-03, C1047-99 and achieve a Class A rating for flame spread and smoke developed when tested under ASTM E84-10.

Surface Characteristics: Trim-Tex products are made from PVC. PVC does not support combustion and is self extinguishing when the source of flame or heat is removed. UV stabilized for use in exterior applications.

Installation: Snip the bead to length and dry fit. Install with Trim-Tex 847 Spray Adhesive and 1/2" divergent staples. Detailed installation instructions are included with each product.

Finishing: To improve the bondability of drywall compounds, textures, & plaster products to any bead, use MUD-MAX Drywall Compound Additive. Priming is not required. Always use a high quality paint.

Available Sizes & Lengths			
Stock #	A+B Size	Length	Pcs/Box
AS5510	1/2" x 1/2"	10'	50
AS5610	1/2" x 3/4"	10'	50
