

SUBMITTAL SHEET

Product(s): Niche Bead Style 641

Description: Trim-Tex Niche Bead Style 641 is designed to create an attractive inside cove on any niche, skylight or decorative soffit.

Advantages: Qualifies for LEED® points. Made from rust proof, dent resistant PVC to reduce job site and handling damage.

Applicable Standards: Rigid PVC products made by Trim-Tex meet ASTM specifications D3678-97, D1784-03, C1047-99 and achieve a Class A rating for flame spread and smoke developed when tested under ASTM E84-10.

Surface Characteristics: Trim-Tex products are made from PVC. PVC does not support combustion and is self extinguishing when the source of flame or heat is removed.

Installation: Set back the drywall 5/8". Snip the bead to length and dry fit. Install with Trim-Tex 847 Spray Adhesive and 1/2" divergent staples. Place a bead of adhesive caulk at the seam and wipe away the excess. Detailed installation instructions are included with each product.

Finishing: To improve the bondability of drywall compounds, textures, & plaster products to any bead, use MUD-MAX Drywall Compound Additive. Priming is not required. Always use a high quality paint. North Safety Products are distributed by Trim-Tex.
