

CGC Renditions Face-Routed Ceiling Panels with Custom Pattern/CGC Frost Panels/CGC Donn Centricitee Suspension System

## FEATURES AND BENEFITS

- Computer-generated, face-routed designs combined with the beautiful fine texture of CGC Eclipse™, CGC Frost™, or CGC Millennia™ panels.
- Custom patterns allow a unique ceiling statement.
- Numbered ceiling panels match shop drawings for easy installation.
- Available in Square, Finline and Shadowline edges.
- Ceiling panels can be made from your sketches, AutoCAD® or Revit® drawings.
- All panels available in White. CGC Frost panels available in standard colours, advantage colours and custom colours.

## APPLICATIONS

- Educational
- Healthcare
- Retail space
- Theme and whimsical areas

## SUBSTRATE

- Wet-formed mineral fiber
- Cast mineral fiber (CGC Frost)
