Product(s): Trim-Tex Low Profile Rigid Jumbo Bead

Description: Trim-Tex Low Profile Rigid Jumbo Bead is designed to finish outside 90° drywall corners WITHOUT any setback needed.

Advantages: Engineered Low Profile design maintains a clean, sharp look while requiring less mud/compound to finish. 1 3/4" extra wide mud legs. Will finish up to two layers of 5/8" drywall. Perfect for level 5 finishing in schools, hospitals, office buildings and more. Made from rust proof, dent resistant PVC to reduce jobsite and handling damage.

Limitations: Product is designed for interior use.

Applicable Standards: Rigid PVC products made by Trim-Tex meet ASTM specifications D3678-97, D1784-03, C1047-99 and achieve a Class A rating for flame spread and smoke developed when tested under ASTM E84-10.

Surface Characteristics: Trim-Tex products are made from PVC. PVC does not support combustion and is self extinguishing when the source of flame or heat is removed.

Installation: Snip the bead to length and dry fit. Install with Trim-Tex 847 Spray Adhesive and 1/2" staples every 6-8". Detailed installations instructions are included with each product.

Finishing: To improve the bondability of drywall compounds, textures & plaster products to any bead, use MUD-MAX Drywall Compound Additive. Always use a high quality paint.

Accessories: 847 Spray Adhesive, Staple Guns and Staples, Trim-Tex Sanding Blocks & Abrasive Products, Mud-Max Drywall Compound Additive, North by Honeywell -Safety Products distributed by Trim-Tex
