RE: Tremco Acoustical Sealant - Green Building Product Information (LEED® Information)

Tremco, as an organization, is committed to quality, responsive to both internal and external customers, our employees, our community and environment, and we will treat all with respect and good stewardship.

Material Manufacturing Location:

Tremco Acoustical Sealant is manufactured in Toronto, Ontario. Should your job site be within 500 straight-line miles of Toronto, this material will help contribute positively towards the Locally Manufactured Material Credit.

Raw Material Extraction Information:

No single extracted material is used to produce the majority of this product. Additionally, all raw materials come from one of several sources which in-turn come from one of several raw material feed stocks. As such, point source for the raw materials cannot be determined.

Rapidly Renewable Raw Material Information:

Tremco Acoustical Sealant contains 0% rapidly renewable raw material content by weight.

Recycled Content Information (by weight: All in Packaging):

1 Case of Sausages	0.1% (All Post Industrial)
Qt Cartridge	3.22% (All Post Consumer)
5 Gal Bucket	1.87% (1.56% Post Industrial, 0.31% Post Consumer)

VOC Content Information:

Tremco Acoustical Sealant has a VOC content of 155g/L equaling 8% by weight. These levels are below the SCAQMD levels regardless of package size for these packages.

Additional Information:

Should you have any questions or require additional information, please do not hesitate to contact Technical Services or your local Tremco Field Representative.

Sincerely,
